

Residential Rate:

Energy Charge \$0.1038 per kWh
 Facility Charge \$33.00 per month

Power Cost Adjustment:

As energy prices change daily so do Clark County's costs to deliver electricity. The PCA represents an additional charge or credit per kWh for power purchased from Hoosier Energy not included in the base retail rates of Clark County REMC. The amount will change monthly. The power cost adjustment is printed on your monthly bill. The average bill would vary by less than \$10 a month.

Examples:

• 1,200 kWh for one month with two example PCAs:

	May 2019	October 2018
1. PCA (-.007487)		2. PCA (.003767)
Facility	\$33.00	\$33.00
Energy	+\$124.56	\$124.56
PCA	+\$8.98-	\$4.52
Tax	+\$10.40	\$11.35
	<u>\$158.98 total</u>	<u>\$173.43 total</u>

Security Light Charges:

Increase the security of your home by adding outdoor lighting. Automatic dusk to dawn lighting illuminates your home, creating well-lit walkways while discouraging intruders. You'll enjoy peace of mind knowing your family is safe and secure.

- The REMC provides security light rental to members at a monthly charge which covers fixture rental, maintenance, service and electricity for each light.
- There is a \$150 pole charge if there is not an existing REMC pole. If there is underground service cost or trenching there may be an additional charge.

LED Security Lights

(Replacements or new installations will be with a 60 Watt LED.)

- 40 Watt \$9.55/month
- 50 Watt \$9.55/month
- 57 Watt \$9.55/month
- 60 Watt \$9.55/month

Residential Time of Use Rate:

If you are able to manage your energy habits, our Time of Use Rate may be the best fit for your home. Rates on a TOU plan are based on the time day and the season. By taking advantage of lower rates during off-peak periods you can avoid higher rates when energy resources are in demand. Members with annual kWh consumption of 12,000 kWh or more are eligible. Member must remain on the rate a minimum of twelve months. Give us a call or stop by our office for more details.

On-Peak Charge \$0.16475 per kWh
 Off-Peak Charge \$0.0868 per kWh
 Facility Charge \$36.00 per month
